Material Safety Data Sheet

Product : SOFT PASTELS Professional-grade soft dry pastels

Page : 1/4

Validation date : 01/04/2003

Version : US-7200-2.01

Replaces version : -

1. Product and Company Identification

PRODUCT TRADE NAME (as labeled) : SOFT PASTELS

MANUFACTURERS NAME : CARAN d'ACHE SA

Address (complete mailing address) : 19, chemin du Foron ; CH-1226 THONEX-GENEVE
 Phone number : +41 22 869 01 01
 FAX number : +41 22 869 01 35

US Importer : CARAN d'ACHE SA of SWITZERLAND Inc.
 38-52 43rd Street
 LONG ISLAND CITY, NY 11101

Phone number (for additional information) : +1 718 482 75 00

2. Product Preparation and Hazardous Ingredients

Preparation composition : Synthetic organic and inorganic pigments (without heavy metals or other toxic chemical compounds)
 Natural or synthetic binders and additives
 Natural mineral fillers

Hazardous chemicals : None
 CAS numbers : -
 Percent* : -

NOTE : *ACMI's AP label : The product is certified by an authority on toxicology associated with a leading university to contain no materials in sufficient quantities to be toxic or injurious to the human body even if ingested*

Others : The product do not contain any suspected carcinogenic agents. This product's ingredients are not found in the Federal OSHA - regulated carcinogens register

3. Health Hazard Information

SYMPTOMS OF OVEREXPOSURE - For each potential route of exposure

Inhaled : Not applicable

CAUTION : *By normal way of use, the product forms fine dust which may irritate respiratory tract and cause coughing*

* Not a required category

NOTE : All required categories should be addressed. If any item is not applicable or no information is available, the space must be marked to indicate that.

This voluntary form is provide by Cal/OSHA to assist MSDS preparers and users. Any format may be used as long it contains all the required information

Item Numbers: 20083-0159, 20083-0309, 20083-0609, 20083-1020, 20083-2020, 20083-2100, 20083-2260, 20083-2500, 20083-2560, 20083-3060, 20083-3080, 20083-3090, 20083-3130, 20083-3150, 20083-3160, 20083-3510, 20083-3520, 20083-3770, 20083-3780, 20083-3800, 20083-4010, 20083-4040, 20083-4090, 20083-4140, 20083-4510, 20083-4580, 20083-4690, 20083-4750, 20083-4910, 20083-5000, 20083-5180, 20083-5220, 20083-5230, 20083-5250, 20083-5770, 20083-5780, 20083-5910, 20083-5920, 20083-6410, 20083-6510, 20083-6730, 20083-7010, 20083-7030, 20083-7070, 20083-7220, 20083-7240, 20083-7520, 20083-7530, 20083-7610, 20083-7810, 20083-7910, 20083-8000, 20083-8040, 20083-8050, 20083-8060, 20083-8080, 20083-8210, 20083-8280, 20083-8430, 20083-8530, 20083-8540

Material Safety Data Sheet

Product : SOFT PASTELS Professional-grade soft dry pastels Page : 2/4
Validation date : 01/04/2003 **Version :** US-7200-2.01 **Replaces version :** -

NOTE : If heated to more than 400 °F, the product may form vapours or fumes which may irritate respiratory tract and cause coughing

Contact with skin or eyes : Skin : No known effects from overexposure
Eyes : Slight irritation

Absorbed through skin No known effects from overexposure

Swallowed No known effects

HEALTH EFFECTS OR RISKS FROM EXPOSURE - Explain in lay terms - Attach extra page if more space is needed

Acute : Oral LD 50 greater than 10000 mg/kg body weight

Chronic : None observed and none known

Others : None

4. First Aid and Emergency Procedures

General Information : In case of clothes contamination, remove and wash off with water and soap

NOTE : The product could be solvent soluble (e.g. it shows a complete solubility in hydrocarbon solvent like white spirit). In case of solvent use, caution with flammability risk and chemical resistance of synthetic material

Eyes contact : Irrigate with fresh water immediately and continuously for 5 to 15 minutes keeping eye open
Consult a specialized medical service

Skin contact : Wash skin with water and soap immediately
In case of persistent irritation, seek medical advice

Inhaled : Not applicable, but in case of large dust production, the use of a respiratory protection mask is recommended

Swallowed : Consult physician

* Not a required category

NOTE : All required categories should be addressed. If any item is not applicable or no information is available, the space must be marked to indicate that.

IF A VOLUNTARY FORM IS PROVIDED BY CAL/OSHA TO ASSIST MSDS PREPARERS AND USERS, ANY FORMAT MAY BE USED AS LONG AS IT CONTAINS ALL THE REQUIRED INFORMATION.

Item Numbers: 20083-0159, 20083-0309, 20083-0609, 20083-1020, 20083-2020, 20083-2100, 20083-2260, 20083-2500, 20083-2560, 20083-3060, 20083-3080, 20083-3090, 20083-3130, 20083-3150, 20083-3160, 20083-3510, 20083-3520, 20083-3570, 20083-3710, 20083-3800, 20083-4010, 20083-4040, 20083-4090, 20083-4140, 20083-4510, 20083-4580, 20083-4690, 20083-4750, 20083-4910, 20083-5020, 20083-5070, 20083-5110, 20083-5180, 20083-5220, 20083-5239, 20083-5250, 20083-5770, 20083-5780, 20083-5910, 20083-5920, 20083-6410, 20083-6510, 20083-6730, 20083-7010, 20083-7030, 20083-7070, 20083-7220, 20083-7240, 20083-7520, 20083-7530, 20083-7610, 20083-7810, 20083-7910, 20083-8000, 20083-8040, 20083-8050, 20083-8060, 20083-8080, 20083-8210, 20083-8280, 20083-8430, 20083-8530, 20083-8540

5. Fire and Explosion

Flash point (°F) :	Not applicable
Flammable limits in air (volume %) :	Not applicable
Auto ignition temperature (°F) :	Above 400 °F
Fire extinguishing materials :	Water, Carbon dioxide or Dry chemical powder
Special fire-fighting procedures :	None known
Unusual fire and explosion hazards :	Organic material combustion may produce carbon dioxide and/or carbon monoxide

NOTE : If heated to more than 400 °F, the product may form vapours or fumes which may irritate respiratory tract and cause coughing

6. Physical Properties

Vapor density (air = 1) :	Not applicable
Melting point or range (°F) :	Not applicable
Boiling point or range (°F) :	Not applicable
Softening point or range (°F) :	Not applicable
Specific gravity (water = 1) :	Range 1,70 to 1,80
Solubility in water :	Soluble
Vapor pressure (mmHg at 68°F) :	None
Appearance and odor :	Dusty pastel crayons with soft marking texture, odorless - mild odor

7. Reactivity Data

Stability :	Stable under normal conditions of use, handling and storage : at room temperature and, as general rule, not higher than 120 °F
Conditions to avoid : Incompatibility (material to avoid) :	Preserve of high relative humidity environment Incompatible with oxidizing materials
Hazardous decomposition products : (Including combustion products)	None known
Hazardous polymerization :	Will not occur

* Not a required category

8. Spill, Leak and Disposal Procedures - *Dispose of all wastes in accordance with federal, state and local regulations*

Spill response procedures : Not applicable
(including employee protection measures)

Preparing wastes for disposal : Not applicable
(container types, neutralization)

9. Special Handling Information

Ventilation and engineering controls : None should be needed

Respiratory protection (type) : None should be needed

Eye protection (type) : None should be needed

Gloves (specify material) : None should be needed

Other clothing and equipment : None should be needed

Work and hygienic practices : Avoid ingestion by eating, smoking or drinking while handling

Other handling and storage requirements : Keep away from heat and open flame

Protective measures during maintenance of contaminated equipment : Use of gloves recommended and wash off contamination with soap and water

10. Transport Information

None

11. Regulatory Information

No compulsory hazard warning label

Made in Switzerland in accordance with all national regulation

12. Other Information

The information above is based on our present state of knowledge. It should not therefore be construed as guaranteeing specific properties of the product described or their suitability for a particular application.

* Not a required category
