### 1 Identification

**Product identifier:** Medea Body Art  
**Product description:** Paint  
**Manufacturer/Supplier:**

Iwata-Medea  
1336 N Mason Street, Portland, OR 97217  
[info@iwata-medea.com](mailto:info@iwata-medea.com)  
503-253-7308

### 2 Hazards(s) identification

**EMERGENCY OVERVIEW:** This is a personal care product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available

from the supplier upon request.

**POTENTIAL HEALTH EFFECTS:**

**Eye:** Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

**Skin:** Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact, it is expected to be mild and transient.

**Inhalation:** Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

**Ingestion:** Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

**3 Composition/information on ingredients**

The main component, Isopropyl Alcohol, is the same grade as ordinary, consumer "rubbing alcohol" and is harmless

when used as directed.

FDA certified colorants and blends of these colorants meet regulatory of color additives for use in food, drugs and cosmetics

as put forth in the Code of Federal Regulations, 21 CFR, Parts 70-82.

HMIS Rating: Flammability: 2

|                                |                                      |                          |

#### 4 First-aid measures

**Eye:** Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

**Skin Problem:** Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

**Inhalation:** If respiratory irritation occurs, remove individual to fresh air.

**Ingestion:** In case of accidental ingestion, dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. **Note:** After first aid treatment, the caller should be advised that **1)** a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and **2)** that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

## 5 Fire-fighting measures

**Flash Point & Method:** 45C

**Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

**Explosion Hazard:** No applicable information has been found.

**Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/o derivatives.

## 6 Accidental release measures

### Procedures for Spill/Leak Clean-Up:

**For Household Settings:** Scrub the area with detergent.

**For Non-Household Settings:** Halt spill at source and contain or dike spill and transfer product to containers for recovery or disposal. Dispose spilled product in accordance with local, state and federal regulations.

## 7 Handling and storage

**Precautions for Safe Handling:**

**For Household Settings:** No applicable information has been found.

**For Non-Household Settings:** No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

**Other recommendations:** None.

**8 Exposure controls/personal protection**

**For Household Settings:** This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

**9 Physical and chemical properties**

|  |  |
|--|--|
| <b>Physical State:</b> Liquid  | <b>Solubility in Water:</b> immiscible |
| <b>pH:</b> NA  | <b>Viscosity:</b> NA                   |

| <b>% VOC:</b> Complies with Federal and State regulations for VOC content. |  |

\*\*\*NA= Not Applicable; NE= Not Evaluated

**10 Stability and reactivity**

**Conditions to Avoid:** No applicable information has been found.

**11 Toxicological information**

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

**Chronic Effects:** Finished product is not expected to have chronic health effects.

**Target organs:** No adverse health effects on target organs expected for finished product.

**Carcinogenicity:** Finished product is not expected to be carcinogenic,

**NTP: No IARC: No OSHA: No**

**12 Ecological information**

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

### 13 Disposal considerations

**For Non Household Settings:** Disposal should be in accordance with Federal, State/Provincial and Local regulations.

**For Household Settings:** The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution. For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non-hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations. California Waste Code: 331.

### 14 Transport information

**Hazardous Component: Isopropanol based product**  
DOT shipping Description: Isopropanol based product 3. UN 1219 III

### 15 Regulatory information

**DISCLAIMER:** This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this product. The information contained here has been compiled from sources considered by Temptu to be

dependable and is accurate to the best of the company's knowledge. It is not meant to be an all-inclusive document on world-wide hazard communication regulations. This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposure, property damage or release to the environment. Temptu assumes no responsibility for injury to the recipients or third persons, or for any damages to any property resulting from misuse of the product.

#### 16 Other information

**Abbreviations and acronyms:** N/A  
**Date of preparation/last revision:** 12/6/2019
