

MATERIAL SAFETY DATA SHEET

In accordance with EC Regulation № 1907/2006(REACH)

page 1/6

version 1

With changes, made by Commission Regulation (EU)

Date of publication: 18.01.2022

№2015/830

SECTION 1: Identification of the substance / mixture and information about the manufacturer**1.1 Product identification****Trade name of the product:** ROSA STUDIO Gouache Paint.**Name of colors:** Titanium White, Lemon Yellow, Yellow Light, Yellow Deep, Orange, Red Light, Red, Red Deep, Carmine, Lilas, Blue Light, Ultramarine, Blue, Blue Deep, Violet, Yellowish Green, Green Light, Green Deep, Sap Green, Emerald Light, Raw Ochre, Brown Deep, Black, Gold, Silver, Turquoise, Chromium oxide, Violet Light, Quinacridone Rose, Magenta.**Field of application of substance / mixture and field of application that are not recommended to use****Field of application:** For art painting.**1.3 Detailed information about the supplier of the Material Safety Data Sheet****Manufacturer:**

Zahidna Promyslova Grupa, PrJSC

55 Shakhtarska str., Novovolynsk, Volyn' region, Ukraine, 45400

Tel./Fax: + 380 3344 4-04-00, e-mail : info@zpg.in.ua**1.4 Emergency telephone number****Manufacturer:**

Phone: +38-03344- 4-10-50 (Mo-Fri from 8-00 till 16-30)

SECTION 2: Hazard identification**2.1 Classification of the substance / mixture****Product definition:** Mixture.**Classification in accordance with CLP Regulation (EC) № 1272/2008**

Not classified.

2.2 Label elements**Labeling according to CLP Regulation (EC) № 1272/2008:**

Not applicable.

Hazard pictograms::

Not applicable.

Signal word:

Not applicable.

Hazard statements:

Not applicable.

2.3 Other hazards**Evaluation results PBT(stable bioaccumulative toxic substance) and****vPvB (very stable bioaccumulative toxic substance)****PBT:**

Not applicable.

vPvB:

Not applicable.

SECTION 3. Composition / information on ingredients**3.2 Mixtures:** Mixture.

The mixture does not contain hazardous components according to Regulation (EC) №1272/2008.

MATERIAL SAFETY DATA SHEET

SECTION 4. First aid measures**4.1 Description of first aid measures**

General instructions: Injured person who has lost consciousness or who has undergone a spasmodic attack, must not be given drinking or been caused vomiting. If there are any doubts or if symptoms persist it is recommended to seek medical assistance.

When inhaled: In case if any symptoms arise, take out / move the person affected into fresh air and provide warmth and rest. In case of difficulties with breathing apply oxygen or apply artificial respiration. Seek medical help.

Skin contact: Remove contaminated clothing. Thoroughly wash the skin with soap and water or other cleansing products intended for the skin, and then lubricate the skin with cream. Do not use solvents and thinners.

Eye contact: Immediately rinse eyes with plenty of water for 10–15 minutes. In case of problems, consult a doctor.

When swallowing: Rinse your mouth with water. Do not induce vomiting.

4.2 Most important symptoms and effects, both acute and delayed

In contact with skin: No data available.

In contact with eyes: May cause mild irritation, redness, pain.

When swallowed: No data available.

4.3 Indication of any immediate medical attention and special treatment needed

Provide symptomatic treatment.

SECTION 5. Firefighting measures**5.1 Means of fire extinguishing**

Appropriate means of fire extinguishing: Fire prevention measures that are safe to the environment. Paints are nonflammable; they do not require special handling.

Unusable fire-extinguishing means: In case of strong fire the spread of material must be prevented by using water flows under pressure.

5.2 Special hazards associated with the substance or mixture

No relevant information available.

5.3 Advice for firefighters

Spray cool water to packaging of paint that has been exposed to fire. Avoid contamination of the environment with wastewater from firefighting.

In case of a strong fire it is required to use solid protective clothing and self-contained breathing equipment.

MATERIAL SAFETY DATA SHEET

In accordance with EC Regulation № 1907/2006(REACH)

page 3/6

version 1

With changes, made by Commission Regulation (EU)

Date of publication: 18.01.2022

№2015/830

SECTION 6. Accidental release measures**6.1 Personal precautions, protective equipment and emergency procedures**

No need.

6.2 Environmental precautions

Avoid getting in reservoirs and wastelands and drainages.

6.3 Methods and material for containment and cleaning up

Collect the product with a non-combustible absorbent material, for example, sand, peat, sawdust or other absorbent material, place in labeled containers and dispose in accordance with local regulations.

6.4 Reference to other sections

Information on contacts in emergencies – Section 1.

Use of personal protective equipment – Section 8.

Waste Management Recommendations – Section 13.

SECTION 7. Handling and storage**7.1 Precautions for safe handling**

When handling the product, avoid contact with skin, eyes or mouth, immediately wash off the paint with water.

Fire and explosion protection guidelines: No need for any special measures.

7.2 Conditions for safe storage, including any incompatibilities**Requirements for warehouses and containers:**

The paints are stored in hermetically sealed containers in warehouses at a temperature not lower than 0°C, and relative humidity of air not higher than 80%, at a distance not closer than 1 m from the heating devices. Height of stack should not exceed 1,5 m.

Instructions for incompatibility with other substances during storage: not required.

Additional information on storage conditions:

When storing paints, some conditions must be fulfilled to ensure the tightness, integrity, and durability of the packaging, which excludes unauthorized access to the product with the subsequent change in its consumer properties and safety indicators.

7.3 Specific types of end-use

No relevant information is available.

SECTION 8. Exposure controls/personal protection**8.1 Control parameters**

Not defined.

MATERIAL SAFETY DATA SHEET

In accordance with EC Regulation № 1907/2006(REACH)

With changes, made by Commission Regulation (EU)

№2015/830

page 4/6

version 1

Date of publication: 18.01.2022

8.2 Limitation and control of contact with substance

Personal protective equipment: Not required.

General measures for protection against exposure and hygiene: When handling paints should follow standard precautions. Wash hands thoroughly after work.

Respiratory protection: Not required.

Hands protection: Not required.

Eyes protection: Not required.

Skin and body protection: Not required.

Environmental exposure controls: Not required.

SECTION 9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

Physical state: Viscous fluid.

Color: White.

Odor: Characteristic.

The threshold of smell perception: Low.

pH: 4-9 units pH.

Melting point: Not applicable.

Freezing point: ≤ 0 ° C.

Boiling point and boiling temperature range: Undefined.

Flash point: Undefined.

Decay temperature: Undefined.

Self-igniting: Not applicable.

Explosion hazard: Not applicable.

Vapor pressure: Not applicable.

Solubility in / mixing with water: Completely mixible.

Distribution coefficient (n-oktanol/water): Undefined.

9.2 Other information: there is no additional information.

SECTION 10. Stability and reactivity

10.1 Reactivity

Product is stable under recommended storage and use conditions.

10.2 Chemical stability

Product is stable under recommended storage and use conditions.

10.3 Possibility of hazardous reactions

In case of compliance with the recommended storage and use conditions, there are no hazardous reactions.

MATERIAL SAFETY DATA SHEET

In accordance with EC Regulation № 1907/2006(REACH)

With changes, made by Commission Regulation (EU)

№2015/830

page 5/6

version 1

Date of publication: 18.01.2022

10.4 Conditions that cause dangerous changes

No relevant information is available.

10.5 Incompatible materials

No relevant information is available.

10.6 Hazardous decomposition products

In case of compliance with the recommended storage and use conditions, hazardous decomposition products should not be produced.

SECTION 11. Toxicological information
11.1 Information on toxicological effects
Acute toxicity: Not classified.

Primary irritant effect
On skin: Not classified.

On eyes: Not classified.

Sensibilization: Not classified.

Mutagenicity of germ cells:: Not classified.

Carcinogenicity: Not classified.

Reproductive toxicity: Not classified.

Toxicity for a particular organ: Not classified.

Inhalation toxicity: Not classified.

Other information: Not available.

SECTION 12. Ecological information
12.1 Toxicity: Not classified.

12.2 Persistence and degradability: Data missing.

12.3 Bioaccumulative potential: Data missing.

12.4 Moving in the ground: Data missing.

12.5 Evaluation results PBT (stable bioaccumulative toxic substance) and vPvB (very stable bioaccumulative toxic substance):
PBT: Not applicable.

vPvB: Not applicable.

12.6 Other adverse effects: Data missing.

SECTION 13. Disposal considerations
13.1 Waste treatment methods

Nonconforming paints or packaging must be disposed in accordance with local regulations. Special disposal is not required.

MATERIAL SAFETY DATA SHEET

version 1

With changes, made by Commission Regulation (EU)

Date of publication: 18.01.2022

№2015/830

SECTION 14. Transport information

14.1 Number UN: the product is not classified as dangerous substance or mixture for transportation.

14.2 Official name of UN for transportation: Not applicable.

14.3 Classes of danger during transportation: Not applicable.

14.4 Packing group: Not applicable.

14.5 Danger to the environment: Not applicable.

14.6 Special precautions for users: Not provided.

14.7 Shipping without packing according to Annex II of the MARPOL Convention and the IBC Code: Not applicable.

SECTION 15. Regulatory information**15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture**

The product is not classified as dangerous in accordance with Regulation (EU) No 1907/2006 (REACH) and Regulation (EU) No 1272/2008 (CLP).

15.2 Chemical safety assessment

The supplier has not carried out evaluation of chemical safety.

SECTION 16. Other information

The data contained in the passport of safety are based on the amount of information and experience that the company owned at the time of the passport edition.

The manufacturer of the product is not responsible for the unauthorized use.
