

01306-1002

SAFETY DATA SHEET**Issue Date:** 8/18/23

1. IDENTIFICATION

Product name: SODIUM ALGINATE
Product number: CHM1001, CHM2001, CHM3001
Trade name: TICA-algin 400 Powder

COMPANY IDENTIFICATION

Rupert, Gibbon & Spider, Inc.
1147 Healdsburg Avenue
Healdsburg CA 95448

Customer Information Number: 800-442-0455
service@jacquardproducts.com

EMERGENCY TELEPHONE NUMBER CHEMTREC

Emergency Contact: 800-262-8200

2. HAZARDS IDENTIFICATION

Not classified as hazardous under the OSHA Hazard Communication Standard (29CFR 1910.1200)

GHS Classification: Combustible Dust Category 1

Signal Word: Warning

Hazard Statements: May form combustible dust concentrations in air.

Precautionary Statements: No Precautionary Statement needed.

Hazards not otherwise classified: No data available

Supplemental information: Not applicable

3. COMPOSITION/INFORMATION ON INGREDIENTS

This product is non-hazardous. Exact composition and percentages are withheld as a trade secret.

4. FIRST AID MEASURES

Description of first aid measures

Inhalation: When symptoms occur; go into open air and ventilate suspected area.

Eye Contact: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Skin Contact: Rinse with plenty of water.

Ingestion: Rinse mouth. Do NOT induce vomiting.

Most important symptoms/effects acute and delayed: Dust from this product may cause minor eye irritation. Prolonged inhalation of dust may cause respiratory irritation. Dust may cause irritation in skin folds or by contact in combination with tight clothing.

Indication of immediate medical attention and special treatment needed, if necessary: No additional information available.

5. FIREFIGHTING MEASURES

Suitable extinguishing media: Foam. Dry powder. Carbon dioxide. Water spray.

Unsuitable extinguishing media: Do not use a heavy water stream.

Specific hazards arising from the chemical (e.g., nature of any hazardous combustion products):

Stable at ambient temperatures and under normal conditions of use. Combustible Dust. Dust explosion hazard in air. Supports combustion at high temperatures. Under conditions of fire this material may produce: Carbon dioxide. Carbon monoxide. Avoid dust clouds in combination with static electricity. Dust clouds can be explosive.

Hazardous combustion products: Carbon monoxide, carbon dioxide.

Special protective equipment and precautions for fire-fighters: Exercise caution when fighting any chemical fire. Do not allow run-off from firefighting to enter drains or water courses. Do not enter fire areas without proper protective equipment, including respiratory protection.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures: Use appropriate personal protective equipment (PPE). Evacuate unnecessary personnel. Avoid generating dust. Handle in accordance with good industrial hygiene and safety practice. Good housekeeping is needed during storage, transfer, handling, and use of this material to avoid excessive dust accumulation. Ventilate area.

Methods and materials for containment and cleaning up: Should not be released into the environment. Prevent entry to sewers and public waters.

7. HANDLING AND STORAGE

Precautions for safe handling: Take precautionary measures against static discharge. Handle in accordance with good industrial hygiene and safety procedures.

Conditions for safe storage, including any incompatibilities:

Safe storage conditions: Keep only in the original container in a cool, well ventilated place away from: Direct sunlight. Heat sources. Keep container closed when not in use. Protect from moisture.

Other precautions: None known

Materials to Avoid/Chemical Incompatibility: Strong acids. Strong bases.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure controls

Engineering controls: Provide adequate ventilation.

Individual protections measures

Exposure Limits: N/A

This product can produce a nuisance dust which should be maintained below a time weighted average of 10 mg/m³.

Appropriate engineering controls: Provide adequate ventilation to minimize dust concentrations. Ensure all national/local regulations are observed. Proper grounding procedures to avoid static electricity should be followed.

Individual protection measures, such as personal protective equipment:

Respiratory Protection: Use NIOSH-approved air-purifying or supplied-air respirator where airborne concentrations of dust are expected to exceed exposure limits.

Eye protection: Chemical goggles or safety glasses.

Skin protection: Skin protection may be required depending on product temperature.

Gloves: Wear protective gloves.

Other protective equipment: Not available

General hygiene conditions: When using, do not eat, drink or smoke.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance (physical state, color etc.):

Pure Substance or Mixture: Pure

Physical state: Powder

Color: Light tan

Odor: Odorless

Odor Threshold: Not available
pH: Not available
pH in (1%) Solution: Not available
Melting point/freezing point:
 Melting Point (°C): Not available
 Freezing point (°C): Not available
Initial boiling point and boiling range: Not available
Flash Point: Not applicable
Evaporation Rate: Not applicable
Flammability (solid, gas): Not available
Upper/lower flammability or explosive limits:
Upper flammability or explosive limits: Not available
Lower flammability or explosive limits: Not available
Vapor pressure: Not available
Vapor density: Not available
Relative density: No data available
Solubility(ies): Not available
Partition coefficient: n-octanol/water: Not available
Auto-ignition temperature: Not available
Decomposition temperature: Not available
Viscosity: Not available
Volatiles: None
Volatile Organic Chemicals (VOC): Not available

10. STABILITY AND REACTIVITY

Reactivity: Stable at ambient temperatures and under normal conditions of use.
Chemical stability: Stable under normal conditions.
Possibility of hazardous reactions: Hazardous polymerization will not occur.
Conditions to avoid (e.g., static discharge, shock, or vibration): Direct sunlight. Extremely high or low temperatures. Protect from moisture. Use good housekeeping practices during storage, transfer, handling, to avoid excessive dust accumulation.
Incompatible materials: Strong acids. Strong bases.
Hazardous decomposition products: Under conditions of fire this material may produce: Carbon oxides (CO, CO₂).

11. TOXICOLOGICAL INFORMATION

Description of the various toxicological (health) effects and the available data used to identify those effects:
Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact): Eye Contact, Skin Contact, Inhalation, Ingestion.
Target Organs Potentially Affected by Exposure: None known.
Symptoms related to the physical, chemical and toxicological characteristics: No data available
Toxic effects: Not established.
Delayed and immediate effects and also chronic effects from short- and long-term exposure:
Acute Toxicity - Oral: Based on available data, the GHS classification criteria are not met.
Acute Toxicity - Dermal: Based on available data, the GHS classification criteria are not met.
Acute Toxicity - Inhalation: Based on available data, the GHS classification criteria are not met.
Skin Corrosion / Irritation: Rinse with plenty of water. Unlikely to cause harmful effects under recommended conditions of handling and use.
Eye Damage / Irritation: Based on available data, the GHS classification criteria are not met.
Respiratory Sensitization: Based on available data, the GHS classification criteria are not met.
Skin Sensitization: Based on available data, the GHS classification criteria are not met.
Germ Cell Mutagenicity: Based on available data, the GHS classification criteria are not met.
Reproductive Toxicity: Based on available data, the GHS classification criteria are not met.
Carcinogenicity: Based on available data, the GHS classification criteria are not met.
STOT - single exposure: Based on available data, the GHS classification criteria are not met.
STOT - repeated exposure: Based on available data, the GHS classification criteria are not met.
Aspiration hazard: Based on available data, the GHS classification criteria are not met.
There is no known toxicity data available for the components or the product.

12. ECOLOGICAL INFORMATION

Ecotoxicity (aquatic and terrestrial, where available): No information available.

Persistence and degradability: No data available

Bioaccumulative potential: No data available

Mobility in soil: Unknown

Other adverse effects (such as hazardous to the ozone layer): None known.

13. DISPOSAL CONSIDERATIONS

Description of waste residues and information on their safe handling and methods of disposal, including the disposal of any contaminated packaging: Disposal should be in accordance with local, state or national legislation.

Empty Container Warnings: Empty containers may contain product residue; follow SDS and label warnings even after they have been emptied.

14. TRANSPORT INFORMATION

DOT Classification: Not regulated

UN number: Not applicable

UN proper shipping name: Not applicable

Transport hazard class(es): Not applicable

Packing group, if applicable: Not applicable

Toxic Inhalation Hazard Zone: No data available

Environmental hazards (e.g., Marine pollutant (Yes/No)): No data available

Transport in bulk (according to Annex II of MARPOL 73/78 and the IBC): No data available

15. REGULATORY INFORMATION

Safety, health and environmental regulations specific for the product in question:

TSCA Status: This product is manufactured in compliance with all provisions of the Toxic Substances Control Act, 15 U.S.C. 2601 et. seq.

SARA - Section 313 (Superfund Amendments and Reauthorization Act of 1986 - 40CFR 372)

CAS # Concentration (% by weight): Contains no substances at or above the reporting threshold under Section 313.

California Proposition 65: No California Proposition 65 listed chemicals are known to be present.

16. OTHER INFORMATION

Rupert, Gibbon & Spider, Inc. expressly disclaims all express or implied warranties of merchantability and fitness for a particular purpose, with respect to the product or information provided herein, and shall under no circumstances be liable for incidental or consequential damages.

All information appearing herein is based upon data obtained from the manufacturer and/or recognized technical sources. While the information is believed to be accurate, Rupert, Gibbon & Spider, Inc. makes no representations as to its accuracy or sufficiency. Conditions of use are beyond Rupert, Gibbon & Spider, Inc.'s control and therefore users are responsible to verify this data under their own operating conditions to determine whether the product is suitable for their particular purposes and they assume all risks of their use, handling, and disposal of the product, or from the publication or use of, or reliance upon, information contained herein.

This information relates only to the product designated herein and does not relate to its use in combination with any other material or in any other process.
