| ccording to Federal Register / Vol. 77, No. 58 / Monda             | ay, March 26, 2012 / Rules and Regulations  |        |
|--|---|--------|
| <b>SECTION 5: Fire-fighting measures</b>                           | s   |        |
| 5.1. Suitable (and unsuitable) extingui                            | shing media   |        |
| Suitable extinguishing media                                       | : Water spray. Dry powder. Foam. Carbon dioxide. Sand.  |        |
| Unsuitable extinguishing media                                     | : Do not use a heavy water stream.  |        |
| 5.2. Specific hazards arising from the                             | chemical  |        |
| Fire hazard  | : Presents no particular fire or explosion hazard.  |        |
| 5.3. Special protective equipment and                              | precautions for fire-fighters   |        |
| Protection during firefighting                                     | : Do not attempt to take action without suitable protective equipment. Self-contained breathin apparatus. Complete protective clothing. | ıg     |
| <b>SECTION 6: Accidental release me</b>                            | asures  |        |
| 6.1. Personal precautions, protective e                            | equipment and emergency procedures  |        |
| 6.1.1. For non-emergency personnel                                 |   |        |
| Emergency procedures   | : Ventilate spillage area.  |        |
|  |   |        |
| 6.1.2. For emergency responders                                    | : Do not attempt to take action without suitable protective equipment. For further information  |        |
| Protective equipment   | refer to section 8: "Exposure controls/personal protection".  |        |
| 6.2. Environmental precautions                                     |   |        |
| Avoid release to the environment.                                  |   |        |
| 6.3. Methods and material for contain                              | ment and cleaning up  |        |
| Methods for cleaning up  | : Take up liquid spill into absorbent material.   |        |
| Other information  | : Dispose of materials or solid residues at an authorized site.   |        |
| 6.4. Reference to other sections                                   |   |        |
| For further information refer to section 8 :" Exp considerations". | osure-controls/personal protection". For disposal of contaminated materials refer to section 13 : "Di                                   | isposa |
| SECTION 7: Handling and storage                                    |   |        |
| 7.1. Precautions for safe handling                                 |   |        |
| Precautions for safe handling                                      | : Ensure good ventilation of the work station. Wear personal protective equipment.  |        |
| Hygiene measures   | : Do not eat, drink or smoke when using this product. Always wash hands after handling the product.                                     |        |
| 7.2. Conditions for safe storage, inclu                            | ding any incompatibilities  |        |
| Storage conditions   | : Store in a well-ventilated place. Keep cool.  |        |
| Incompatible products  | : Strong bases. Strong acids. Strong oxidation agent.   |        |
| Heat and ignition sources  | : Keep away from heat and direct sunlight.  |        |
| SECTION 8: Exposure controls/per                                   | rsonal protection   |        |
| 8.1. Control parameters  |   | _      |

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| Туре                                  | Material   | Permeation        | Thickness (mm) | Penetration |
|---------------------------------------|--|-------------------|----------------|-------------|
| Reusable gloves,<br>Disposable gloves | Polyvinylchloride (PVC),<br>Nitrile rubber (NBR) | 6 (> 480 minutes) | ≥0.11          |             |

## Eye protection:

Safety glasses. EN 166

#### Skin and body protection:

Wear suitable protective clothing. CEN : EN 340; EN 368; EN 369; EN 467. EN 13034

#### **Respiratory protection:**

No special respiratory protection equipment is recommended under normal conditions of use with adequate ventilation. In case of insufficient ventilation, wear suitable respiratory equipment. EN 143

Personal protective equipment symbol(s):

#### Other information:

Do not eat, drink or smoke when using this product.

| <b>SECTION 9: Physical and chemical</b>     | properties             |
|---|------------------------|
| 9.1. Information on basic physical and      | chemical properties    |
| Physical state                              | : Liquid               |
| Colour                                      | : various colors milky |
| Odour                                       | : characteristic       |
| Odour threshold                             | : No data available    |
| рН  | : No data available    |
| Melting point                               | : No data available    |
| Freezing point                              | : No data available    |
| Boiling point                               | : No data available    |
| Flash point                                 | : No data available    |
| Relative evaporation rate (butylacetate=1)  | : No data available    |
| Flammability (solid, gas)                   | : No data available    |
| Vapour pressure                             | : No data available    |
| Relative vapour density at 20 °C            | : No data available    |
| Relative density                            | : 1.5 - 2              |
| Solubility                                  | : No data available    |
| Log Pow                                     | : No data available    |
| Auto-ignition temperature                   | : No data available    |
| Decomposition temperature                   | : No data available    |
| Viscosity, kinematic                        | : No data available    |
| Viscosity, dynamic                          | : No data available    |
| Explosive limits                            | : No data available    |
| Explosive properties                        | : No data available    |
| Oxidising properties                        | : No data available    |
| 9.2. Other information                      |                        |
| No additional information available         |                        |
| <b>SECTION 10: Stability and reactivity</b> | 1                      |
| 10.1 Repotivity                             |                        |

#### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

| according to Federal Register / Vol. 77, No. 58 / Monday, M | larch 26, 2012 / Rules and Regulations  |
|---|---|
| 10.2. Chemical stability                                    |   |
| Stable under normal conditions.                             |   |
| 10.3. Possibility of hazardous reactions                    |   |
| No dangerous reactions known under normal cond              | litions of use.   |
| 10.4. Conditions to avoid                                   |   |
| None under recommended storage and handling of              | conditions (see section 7).   |
| 10.5. Incompatible materials                                |   |
| Strong bases. Strong acids. Strong oxidation ager           | t.  |
| 10.6. Hazardous decomposition products                      |   |
| Combustion generates: Carbon oxides (CO, CO2)               |   |
| SECTION 11: Toxicological information                       | on la   |
| 11.1. Information on toxicological effects                  |   |
| Acute toxicity (oral)                                       | : Not classified  |
| Acute toxicity (dermal)                                     | : Not classified  |
| Acute toxicity (inhalation)                                 | : Not classified  |
| Skin corrosion/irritation                                   | : Not classified  |
| Serious eye damage/irritation                               | : Not classified  |
| Respiratory or skin sensitisation                           | : Not classified  |
| Germ cell mutagenicity                                      | : Not classified  |
| Carcinogenicity   | : Not classified  |
| Reproductive toxicity                                       | : Not classified  |
| STOT-single exposure  | : Not classified  |
| STOT-repeated exposure                                      | : Not classified  |
| Aspiration hazard   | : Not classified  |
| Viscosity, kinematic  | : No data available   |
| SECTION 12: Ecological information                          |   |
| 12.1. Toxicity  |   |
| Ecology - general   | : The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment. |
| 12.2. Persistence and degradability                         |   |
| No additional information available                         |   |
| 12.3. Bioaccumulative potential                             |   |
| No additional information available                         |   |
| 12.4. Mobility in soil                                      |   |
| No additional information available                         |   |
| 12.5. Other adverse effects                                 |   |
| No additional information available                         |   |
|   |   |
| SECTION 13: Disposal considerations                         |   |
| 13.1. Disposal methods                                      |   |

| 13.1. Disposal methods    |   |
|---------------------------|---|
| Waste treatment methods   | : Dispose of contents/container in accordance with licensed collector's sorting instructions. |
| Ecology - waste materials | : Avoid release to the environment.   |
|                           |   |
