REVISION: 04

DATA: 17-02-2021

1 – PRODUCT AND COMPANY IDENTIFICATION		
Product trade name	ArtGraf Tailor Shape – Dark Brown	
Applications	Drawing and painting	
Applicable Age Grade	Adults	
Supplier	Viarco, Indústria de Lápis, Lda	
	Rua Jaime Afreixo, 533	
	3700-144 São João da Madeira	
	Portugal	
	Phone Number: (+351) 256 830 880	
	Fax: (+351) 256 830 889	
	Opening Hours: 09h – 13h / 14h – 18h (Lisbon Time Zone)	
	Email – <u>geral@viarco.pt</u>	
Emergency phone Numbers	United States Emergency phone number: 911	
	National Capital Poison Center phone number: 1-800-222-1222	

# 2. HAZARDS IDENTIFICATION

3. COMPONENTS COMPOSITION / INFORMATION			
Chemical Names and Synonyms	Mixture of pigments, fillers, binders, waxes and wood. Product has been considered as non-toxic by Toxicologist according to the Toxicological Risk Assessment (TRA) and conforms to LHAMA-ASTM D-4236 standard practice for labeling art materials for acute and chronic adverse health hazards.		
Chemical Name or Synonyms		CAS Number	% By Weight
N/D		N/D	N/D

#195.49 - ARTGRF TAILOR SHAPES MSPS

DATA: 17-02-2021

**REVISION: 04** 

4. First Aid	
Eye Contact	Rinse with plenty of water. In case of irritation, seek medical advice.
Skin Contact	Wash the affected area with water and soap.
Inhalation	Move the exposed person to fresh air at once. If respiratory tract irritation, dizziness or nausea continues, seek medical advice.
Ingestion	It is not a hazard. Seek medical advice in case of discomfort. Do not induce vomiting.

5. FIREFIGHTING MEASURES		
Fire Extinguishing Means	Foam, chemical dust, Halon (BCF) and pulverized water.	
Firefighting Procedures	This product is not inflammable, however, usual procedures in chemicals products firefighting should be followed. Hazards related to other materials involved should be accounted for. Contaminated water resulting from fighting must be prevented from going into the sewage or drinking water supply systems.	
Special Protection Equipment	Firemen should use stand-alone breathing equipment to fight in close areas.	

6. MEASURES IN CASE OF ACCIDENTAL SPILL	
Procedures in case of spillRemove with a shovel and dispose abiding by applicable legislation. Take iaccount the substances characteristics at the disposal moment.	
Precautions towards the environment	Avoid spills penetration into sewage, stormwater or any contact with soil.

7. HANDLING AND STORAGE	
Precautions for safe handling The product does not require special handling measures. For personal protect	
	see Section 8.
Requirements to be met by	Store in a cool dry place.
containers	As general storage conditions, should avoid heat sources, radiation, electricity
	and contact with food.

Revision: 04

NAME: TAILOR DARK BROWN

DATA: 17-02-2021

# 8. EXPOSURE CONTROLS / PERSONAL PROTECTION.

Consideration was given to consumer exposure with intended product use and under circumstances involving reasonable foreseeable misuse. Intentional product misuse was not considered within the scope of the assessment. This evaluation was conducted under assumption that potential acute expose to product ingredients is through the dermal route and possibly the oral route through accidental ingestion. Any volatile compounds within the product were evaluated for the inhalation route of exposure. Chronic exposure is only considered to occur via the dermal route given that chronic accidental ingestion is unlikely.

Technical measures	Provide good room ventilation, which can be achieved by good local exhaust ventilation, and a good general extraction system.	
Respiratory protection	If the recommended technical measures are met, any personal protective equipment is not necessary.	
Eye protection	None under normal use conditions	
Skin protection	None under normal use conditions	

9. Physical and chemical properties.			
Physical state	Solid	Color	Dark Brown

10. Stability and reactivity		
Reactivity	The product presents no risk due to its reactivity.	
Chemical Stability	Stable under the handling and storage recommended.	
Possibility of Hazardous	The product has no possibility of hazardous reactions.	
Reactions		
Hazardous decomposition	In case of fire can be hazardous decomposition products such as carbon	
products	monoxide and carbon dioxide gases.	

# 11. TOXICOLOGICAL INFORMATION

There are no available data sent from the product.

Repeated or prolonged contact with the product can cause elimination of fat from the skin, resulting in nonallergic contact dermatitis and that the product is absorbed through the skin.

Splatters in the eyes can cause irritation and reversible damage.

No information is available on the toxicity of these substances.

# 8. EXPOSURE CONTROLS / PERSONAL PROTECTION.

Consideration was given to consumer exposure with intended product use and under circumstances involving reasonable foreseeable misuse. Intentional product misuse was not considered within the scope of the assessment. This evaluation was conducted under assumption that potential acute expose to product ingredients is through the dermal route and possibly the oral route through accidental ingestion. Any volatile compounds within the product were evaluated for the inhalation route of exposure. Chronic exposure is only considered to occur via the dermal route given that chronic accidental ingestion is unlikely.

Technical measures	Provide good room ventilation, which can be achieved by good local exhaust ventilation, and a good general extraction system.	
Respiratory protection	If the recommended technical measures are met, any personal protective equipment is not necessary.	
Eye protection	None under normal use conditions	
Skin protection	None under normal use conditions	

9. Physical and chemical properties.						
Physical state	Solid	Color	Ochre			

10. STABILITY AND REACTIVITY			
Reactivity	The product presents no risk due to its reactivity.		
Chemical Stability	Stable under the handling and storage recommended.		
Possibility of Hazardous	The product has no possibility of hazardous reactions.		
Reactions			
Hazardous decomposition	In case of fire can be hazardous decomposition products such as carbon		
products	monoxide and carbon dioxide gases.		

### 11. TOXICOLOGICAL INFORMATION

There are no available data sent from the product.

Repeated or prolonged contact with the product can cause elimination of fat from the skin, resulting in nonallergic contact dermatitis and that the product is absorbed through the skin.

Splatters in the eyes can cause irritation and reversible damage.

No information is available on the toxicity of these substances.
