MSDS for #21086 - WTR SOLUBL WAX PSTLS

Safety data sheet

According to 1907/2006/EC, Article 31 and amendment 2020/878

Product: Water-resistant & water-soluble wax and oil Pastels Page: 1/8

| Validation date: 08.11.24 | Version: 3 | Replaces version: 2.1 |
|---------------------------|------------|-----------------------|
|---------------------------|------------|-----------------------|

1. SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Trade name: Neocolor TM I, Neocolor TM II, Neocolor TM I Metallic, Neopastel TM, Swisscolor, NeoArt 6901TM

1.2 Relevant identified uses of the substance/mixture and uses advised against

Uses: Drawing and painting For consumer uses

Uses advised against:

Heating: If heated to more than 200 $^{\circ}$ C, the product may form vapours or fumes, which may cause irritation tract and cause coughing

They are not recommended for use as face painting crayons because they have not been tested dermatologically.

1.3 Details of the supplier of safety data sheet

| MANUFACTURERS NAME: | CARAN d'ACHE SA |
|---|---|
| Address (complete mailing address): Phone number: FAX number: | Chemin du Foron 19 ; CH-1226 THÔNEX-GENEVE +41 22 869 02 90 +41 22 869 01 35 raw.material@carandache.com |

2. **SECTION 2: Hazards identification**

Classification of the substance/ mixture 2.1

The product is not classified, according to the CLP regulation 1272/2008.

2.2 Label elements

Labelling according to Regulation (EC) N°1272/2008: none Hazard pictogram(s): none Hazard statement(s): none Precautionary statement(s): none Hazardous components, which must be listed on the label: none

Other hazards (concerning PBT and vPvB according to Regulation(CE) 1907/2006 annexe 2.3 XIII)

Not applicable

3. **SECTION 3: Composition/information on ingredients**

Substance/Mixture: Mixtures

Hazardous components:

| Chemical name | Identification numbers | Classification Regulation (CE) 1272/2008 | % |

| Validation date: 08.11.24 | Version: 3 | Replaces | version: 2.1 |

If unconscious, place in recovery position and seek medical device. If symptoms persist, call a physician.

4.2 Most important symptoms and effects, both acute and delayed

No information available on the product itself

4.3 Indication of any immediate medical attention and special treatment needed

None known

5. SECTION 5: Firefighting measures

5.1 Extinguishing media

Fire extinguishing materials: Carbon dioxide (CO2), Dry chemical powder

5.2 Special hazards arising from the substance or mixture

Specific hazards during firefighting: Do not allow run off from firefighting to enter drains or watercourses.

5.3 Advice for firefighters

Special protective equipment for firefighters: Wear self-contained breathing apparatus for fire fighting if necessary.

Further information:

Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.

6. SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions: use personal protective equipment, if necessary.

6.2 Environmental precautions

<u>For liquids:</u> Put in bin to soiled materials. Prevent product from entering drains. Prevent further leakage or spillage if safe to do so. If the product contaminates rivers and lakes or drains inform respective authorities.

<u>For solids:</u> Respect the sorting of waste.

6.3 Methods and material for containment and cleaning up

For liquids:

Absorb with sorbents and put in bin to soiled materials. Soak up with inert absorbent material. Keep in suitable, closed containers for disposal.

6.4 Reference to other sections

See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

7. SECTION 7: Handling and storage

7.1 Precautions for safe handling

Avoid ingestion by eating, smoking or drinking while handling For personal protection, see section 8. Dispose of rinse water in accordance with local and national regulation.

7.2 Conditions for safe storage, including any incompatibilities

<u>Other handling and storage requirements</u>: Keep away from heat and open flame in the dry and ventilated place, clean and protect the product from the light. <u>Protective measures during maintenance of contaminated equipment:</u> Wash off with soap and water.

7.3 Specific end use(s)

No further relevant available information

8. SECTION 8: Exposure controls/personal protection

8.1 Control parameters

No available information

8.2 Exposure controls

No special measures requested

9. SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Physical state: Color Odour: Solid According to product designation mild odor
