Conformity

STAEDTLER Textsurfer 364 meets the standards:

ISO 11540 "Caps for writing and marking instruments intended for use by children up to 14 years of age – Safety requirements".
Ventilated caps reduce the danger of asphyxiation for children up to the age of 14 should caps be swallowed accidentally.

ASTM D-4236 These products are tested by ACMI (Art & Creative Material Institute) and conform to the US-Standard ASTM D-4236. According to the standard, a qualified toxicologist tests the products.

The products meet the Regulations (EC) No 1907/2006 (REACH) concerning the Registration, Evaluation, Authorization and Restriction of Chemicals.
In accordance with REACH Regulation, Article 33, you will find our current articles subject to mandatory reporting under the following link <https://www.staedtler.com/REACH>

Usage notes

INK JET SAFE: All ink colours of the Textsurfer classic are ink jet safe.
The ink dries quickly and provides excellent marking results on print-outs by common inkjet printers using original ink.
Ink washes out of most textiles.

COPY PROOF: Marking and text of the colours violet and turquoise remain clearly visible on photocopies.

REFILL 488 64: Available in yellow, red, pink, blue, orange, green.
REACH SAFETY DATA SHEET for the refill station 488 64 can be provided to commercial buyers.

Staedtler has been certified to ISO 9001 and ISO 14001 and considered in the selection of raw materials and their processing in the relevant national and international laws to protect the users.
