Conformity

STAEDTLER triangular colored pencils are checked by ACMI (Art & Creative Materials Institute) and correspond to the U.S. - Standard ASTM D-4236.

According to the standard, such products shall be tested by an authorized U.S.-toxicologist.

The colored pencils correspond with CPSIA. It defines the term "children's product" and generally requires that children's products.

The CPSIA included provisions addressing, among other things, lead, phthalates and toy safety.

The pencils meet the requirements of the California Proposition 65 (formally titled "The Safe Drinking Water and Toxic Enforcement Act of 1986").

The products meet the Regulations (EG) No. 1907/2006 (REACH) and No. 1272/2008 (CLP) concerning the Registration, Evaluation, Authorization and Restriction of Chemicals.

TSCA: Substances are listed in Toxic Substances Control Act 1976.

Usage notes

The triangular shape of writing instruments makes them comfortable to hold and promotes an optimal writing grip, ensuring fatigue-free writing and drawing.

From "dry" artwork to atmospheric watercolor paintings.

Sharpener recommendation: Noris Club triangular double-hole tub sharpener 512 128.

STAEDTLER has been certified to ISO 9001 and ISO 14001 and considered in the selection of raw materials and their processing in the relevant national and international laws to protect the users.

¹⁾ Certification for sustainable forest management, FSC C007132

²⁾ Tests are made in accordance with ASTM F963-07 - Standard Consumer Safety Specification for Toy Safety.
