Revision Number 1

30476-4376

SAFETY DATA SHEET

Revision date 18-Jul-2022

1. Identification	
Product identifier	
Product Name	TP-62 Maize
Other means of identification	
Product Code(s)	FG00409
Synonyms	36645C, 36646D
Recommended use of the chemica	l and restrictions on use
Recommended use	
Restrictions on use	
Details of the supplier of the safety	<u>/ data sheet</u>
Manufacturer Address American Art Clay Co Inc 6060 Guion Road Indianapolis, IN 46254-1222 USA Toll Free: 1-800-999-5456 CustomerCare@Amaco.com	
Emergency telephone number	
Emergency Telephone	U.S. Poison Control 1-800-222-1222

2. Hazard(s) identification

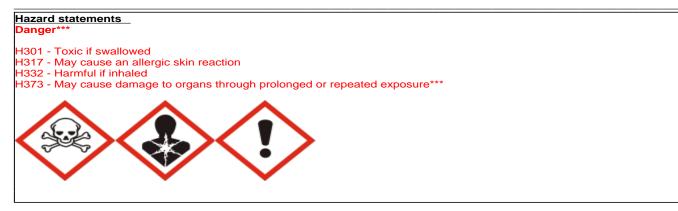

Classification

Acute toxicity - Oral	Category 3***
Acute toxicity - Inhalation (Dusts/Mists)	Category 4***
Skin sensitization	Category 1***
Specific target organ toxicity (repeated exposure)	Category 2***

Hazards not otherwise classified (HNOC) Not applicable

Label elements

Revision date 18-Jul-2022

Physical state Liquid

Precautionary Statements - Prevention Wash face, hands and any exposed skin thoroughly after handling Do not eat, drink or smoke when using this product Use only outdoors or in a well-ventilated area Contaminated work clothing must not be allowed out of the workplace Wear protective gloves/clothing and eye/face protection Do not breathe dust/fume/gas/mist/vapors/spray***

Precautionary Statements - Response

Specific treatment (see .? on this label) Get medical advice/attention if you feel unwell*** IF ON SKIN: Wash with plenty of soap and water If skin irritation or rash occurs: Get medical advice/attention Wash contaminated clothing before reuse*** IF INHALED: Remove person to fresh air and keep comfortable for breathing Call a POISON CENTER or doctor/physician if you feel unwell*** IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician Rinse mouth***

Precautionary Statements - Storage Store locked up***

Precautionary Statements - Disposal

Dispose of contents/container to an approved waste disposal plant***

Unknown acute toxicity ***

5.177 % of the mixture consists of ingredient(s) of unknown acute oral toxicity***

5.177 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity***

55.437 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (gas)***

55.437 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapor)***

9.747 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist)***

Other information

May be harmful in contact with skin. Toxic to aquatic life with long lasting effects. Very toxic to aquatic life.***

3. Composition/information on ingredients

Not applicable.***

Mixture ***

Chemical name	CAS No	Weight-%
Frits, chemicals	65997-18-4	40 - 60

Item Numbers: 30476-4375, 30476-4376

1 First aid massion	
4. First-aid measures	
Description of first aid measures	
General advice	Show this safety data sheet to the doctor in attendance.***
Inhalation	Remove to fresh air. If symptoms persist, call a physician. If breathing has stopped, give artificial respiration. Get medical attention immediately.***
Eye contact	Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.
Skin contact	Wash with soap and water. May cause an allergic skin reaction. In the case of skin irritation or allergic reactions see a physician.***
Ingestion	Do NOT induce vomiting. Rinse mouth. Never give anything by mouth to an unconscious person. Get medical attention.***
Self-protection of the first aider	Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. Avoid breathing vapors or mists. Use personal protective equipment as required. See section 8 for more information.***
Most important symptoms and effe	cts, both acute and delayed
Symptoms	Itching. Rashes. Hives. Coughing and/ or wheezing. Difficulty in breathing.***
Indication of any immediate medica	al attention and special treatment needed
Note to physicians	May cause sensitization in susceptible persons. Treat symptomatically.***
5 Fire fighting measures	
5. Fire-fighting measures	
Suitable Extinguishing Media	Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
Suitable Extinguishing Media	surrounding environment.
Suitable Extinguishing Media Large Fire	surrounding environment. CAUTION: Use of water spray when fighting fire may be inefficient.
Suitable Extinguishing Media Large Fire Unsuitable extinguishing media Specific hazards arising from the	surrounding environment. CAUTION: Use of water spray when fighting fire may be inefficient. Do not scatter spilled material with high pressure water streams. Product is or contains a sensitizer. May cause sensitization by skin contact.***
Suitable Extinguishing Media Large Fire Unsuitable extinguishing media Specific hazards arising from the chemical Explosion data	surrounding environment. CAUTION: Use of water spray when fighting fire may be inefficient. Do not scatter spilled material with high pressure water streams. Product is or contains a sensitizer. May cause sensitization by skin contact.***
Suitable Extinguishing Media Large Fire Unsuitable extinguishing media Specific hazards arising from the chemical Explosion data Sensitivity to mechanical impac	surrounding environment. CAUTION: Use of water spray when fighting fire may be inefficient. Do not scatter spilled material with high pressure water streams. Product is or contains a sensitizer. May cause sensitization by skin contact.***
Suitable Extinguishing Media Large Fire Unsuitable extinguishing media Specific hazards arising from the chemical Explosion data Sensitivity to mechanical impac Sensitivity to static discharge Special protective equipment and	surrounding environment. CAUTION: Use of water spray when fighting fire may be inefficient. Do not scatter spilled material with high pressure water streams. Product is or contains a sensitizer. May cause sensitization by skin contact.*** ct None. None. Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.
Suitable Extinguishing Media Large Fire Unsuitable extinguishing media Specific hazards arising from the chemical Explosion data Sensitivity to mechanical impact Sensitivity to static discharge Special protective equipment and precautions for fire-fighters 6. Accidental release mean	surrounding environment. CAUTION: Use of water spray when fighting fire may be inefficient. Do not scatter spilled material with high pressure water streams. Product is or contains a sensitizer. May cause sensitization by skin contact.*** ct None. None. Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.
Suitable Extinguishing Media Large Fire Unsuitable extinguishing media Specific hazards arising from the chemical Explosion data Sensitivity to mechanical impact Sensitivity to static discharge Special protective equipment and precautions for fire-fighters 6. Accidental release mean	surrounding environment. CAUTION: Use of water spray when fighting fire may be inefficient. Do not scatter spilled material with high pressure water streams. Product is or contains a sensitizer. May cause sensitization by skin contact.*** Set None. None. Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.

Revision date 18-Jul-2022	Revision	date	18-Jul-2022
---------------------------	----------	------	-------------

Methods and material for containment and cleaning up		
Methods for containment	Prevent further leakage or spillage if safe to do so.	
Methods for cleaning up	Pick up and transfer to properly labeled containers.	

7. Handling and storage

Precautions for safe handling

Advice on safe handling	Handle in accordance with good industrial hygiene and safety practice. Avoid contact wit skin, eyes or clothing. Ensure adequate ventilation. In case of insufficient ventilation, we suitable respiratory equipment. Do not eat, drink or smoke when using this product. Take contaminated clothing and wash before reuse. Avoid breathing vapors or mists.***	
Conditions for safe storage, including any incompatibilities		
Storage Conditions	Keep containers tightly closed in a dry, cool and well-ventilated place. Keep out of the reach of children.***	

8. Exposure controls/personal protection

Control parameters

Exposure Limits

The following ingredients are the only ingredients of the product above the cut-off level (or level that contributes to the hazard classification of the mixture) which have an exposure limit applicable in the region for which this safety data sheet is intended or other recommended limit. At this time, the other relevant constituents have no known exposure limits from the sources listed here.***

Chemical name	ACGIH TLV	OSHA PEL	NIOSH

Autoignition temperature	410***	None known
Decomposition temperature		None known
Kinematic viscosity	No data available	None known
Dynamic viscosity	No data available	None known
Other information		
Explosive properties	No information available	
Oxidizing properties	No information available	
VOC Content (%)	No information available	
10. Stability and reactivity		
Reactivity	No information available.	
Chemical stability	Stable under normal conditions.	
Possibility of hazardous reactions	None under normal processing.	
Conditions to avoid	Excessive heat.***	
Incompatible materials	None known based on information su	ıpplied.
Hazardous decomposition products		

11. Toxicological information

Information on likely routes of exposure

Product Information	***
Inhalation	Specific test data for the substance or mixture is not available. Harmful by inhalation. (based on components).***
Eye contact	Specific test data for the substance or mixture is not available.
Skin contact	May cause sensitization by skin contact. Specific test data for the substance or mixture is not available. Repeated or prolonged skin contact may cause allergic reactions with susceptible persons. (based on components). May be harmful in contact with skin.***
Ingestion	Specific test data for the substance or mixture is not available. Toxic if swallowed. (based on components).***
Symptoms related to the physical,	chemical and toxicological characteristics
Symptoms	Itching. Rashes. Hives. Coughing and/ or wheezing.***
Acute toxicity	
Numerical measures of toxicity No information available
