

83451-XXXX

Crack Pot

Safety Data Sheet - USA

According to App. D , OSHA Hazard Communication Standard 29 CFR 1910.1200

Version 02

Date of issue: 06/05/2024

1. Identification

1a: Product Identifier - Item Codes & Names:

Crack Pot, CPDB, CPB, CPW, CPLF, CPWLF, Crack Pot Brown, Crack Pot Buff, Crack Pot White High Fire, Crack Pot White Low Fire, Crack Pot Red

1b: Product Identifier - Crack Pot

1c: Recommended Use - For use in filling cracks in ceramic bisque, greenware, and fired ware. Comes in paste form.

1d: Manufacturer / Supplier - The Ceramic Shop LLC, 1200 Markley St. Norristown PA 19401 - 1-888-457-4236

1e: Emergency Phone Number - Contact Local Poison Control -

2. Hazard(s) Identification

2a: Classification of substance or mixture -

Physical: Not Classified

Health: H315/319/H372

Environmental: H402

2b: Symbols and Statements

Symbols - GHS Pictogram:

Hazard Statement -

H315: Causes skin irritation.

H319: Causes serious eye irritation.

H372 Causes damage to lungs through prolonged or repeated exposure by inhalation.

Precautionary Statement -

P260 Do not breathe dust.

P262: Do not get in eyes, on skin, or on clothing.

P280: Wear protective gloves/protective clothing/eye protection/face protection.

P285 In case of inadequate ventilation wear respiratory protection.

P303+P361+P353: IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.

P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P501 Dispose of contents/container to an approved waste disposal plant

2c: Other Hazards: Dries to form glass film which can easily cut skin. Can etch glass if not promptly removed.

3. Composition/ Information on Ingredients

3a: Ingredients - Trade secrets are claimed for the product/s. Only ingredients listed below are notifiable.

3b: Common name

Chemical Name	CAS No.	Concentration
Silicic acid, sodium salt, Sodium Silicate	6834-92-0	<40%
Crystalline Silica/ Quartz	7631-86-9	<1%

4. First- Aid measures

4a-c: Description of necessary measures-

Skin Contact - Wash thoroughly after handling - Read Section 2 for any specific precautions associated with the use of this product. In general most ceramic glazes, clays and special products will tend to have a drying effect on the skin and may cause some sensitivity to users with sensitive skin.

Eye Contact - Read Section 2 for any specific precautions associated with the use of this product. Irrigate with eyewash solution or clean water, holding the eyelids apart, for at least 15 minutes. Obtain immediate medical attention.

Inhalation - Read Section 2 for any specific precautions associated with this product. In general, breathing any type of dust / mist can and may aggravate irritation of the throat and lungs.

Ingestion- Read Section 2 for any specific precautions associated with the use of this product. Do Not Ingest.

Notes for the doctor: Treat symptomatically.

5. Fire Fighting measures

5a: Extinguishing Media - Use fire-extinguishing media suitable for the surrounding fire

5b: Specific Hazards Arising from Material - None Know

5c: Special Protective Equipment - Use protective equipment appropriate for surrounding materials

6. Accidental Release Measures

6a: Personal Protections, Protective Equipment, Procedures -

Personal precautions: see Section 8.

6b: Methods and material for containment and cleaning up

Collect spillage for reclamation or absorb in vermiculite, dry sand or similar material

Reference to other sections For waste disposal, see Section 13. For personal protection, see Section 8.

7. Handling and storage

7a. Precautions for safe handling

Usage precautions Read label before use. Do not eat, drink or smoke when using this product. Avoid contact with eyes, skin, and clothing. Good personal hygiene procedures should be implemented. Emergency shower and eyewash facilities should be readily available.

7b. Conditions for safe storage, including any incompatibilities

Store in tightly-closed, original containers in a dry and cool place. Do not allow material to freeze. Provide an adequate bund wall. Unsuitable containers: Aluminum

8. Exposure Controls/personal protection

8a. Exposure Limits

Sodium Silicate

PEL: No information available

ACGIH: No information available

TLV: No information available

Crystalline Silica/Quartz

PEL: 15 mg/m³

ACGIH: No information available

TLV: 0.02 mg/m³, respiration fraction (cristobalite and alpha-quartz)

Ingredient comments Only ingredients listed in Section 3 are notifiable for this product. If none are shown then all ingredients are exempt.

8b. Appropriate engineering controls

No specific ventilations requirements unless the "FAN" pictogram is shown above or specified in Section 2.

8c. Individual Protection Measures

Eye/face protection No specific eye protection required unless the "EYE PROTECTION" pictogram is shown above or specified in Section 2. Safety goggles are recommended

Hand protection No specific hand protection required unless the "HAND PROTECTION" pictogram is shown above or specified in Section 2.

Hygiene measures Using good personal hygiene practices is always appropriate. Keeping a clean work space, cleaning up properly when done, and not eating, drinking or smoking when using this product.

Respiratory protection No specific respiratory protection required unless the "RESPIRATOR" pictogram is shown above or specified in Section 2. Using the appropriate certified protection for the operation is important if required.

9. Physical and Chemical Properties

Information on basic physical and chemical properties

9a. Appearance: various colored pastes; brown, beige, red, black

9b. Odor: Almost odorless.

9c. Odor threshold: No information available.

9d. pH: Alkaline. 11-12

9e. Melting point: No information available.

9f. Initial boiling point and range: No information available.

9g. Flash point: No information available

9h. Evaporation rate: No information available.

9i. Flammability (solid, gas): No information available.

9j. Upper/lower flammability or explosive limits: No information available.

9k. Vapor pressure: No information available.

9l. Vapor Density: No information available.

9m. Relative density: No information available.

9n. Solubility(ies): Not applicable.

9o. Partition coefficient: No information available.

9p. Auto-ignition temperature: Not applicable.

9q. Decomposition Temperature: No information available.

9r. Viscosity: No information available.

10. Stability and reactivity

10a: Reactivity: There are no known reactivity hazards associated with this product.

10b: Chemical stability: No particular stability concerns.

10c: Possibility of hazardous reactions: When arc welding vessels containing aqueous solutions of this material, take care to control any explosion risk from hydrogen evolved by electrolysis. Aqueous solutions will react with aluminum, zinc, tin and their alloys evolving hydrogen gas which can form an explosive mixture with air. Can react violently if in contact with acids. Can react with sugar residues to form carbon monoxide.

10d: Conditions to avoid: None known.

10e: Materials to avoid: None known.

10f: Hazardous decomposition products: None known.

11. Toxicological Information

11a: Information on the likely routes of exposure:

Toxicological effects Please read Section 2 thoroughly to understand the toxicological risks, (if any) and precautions for safe use (if any).

11b: Symptoms related to the physical, chemical, and toxicological characteristics

Irritating to the skin and eyes.

11c: Delayed and immediate effects and also chronic effects from short- and long-term exposure

No data available

11d: Numerical measures of toxicity (such as acute toxicity estimates)

No data available

12. Ecological Information

12a. Ecotoxicity: Please read Section 2 completely. If any environmental warnings such as; H411 or H412 are listed in Section 2, please use appropriate procedures when disposing of product and container. Do not put materials into waterways or sewers.

12b. Persistence and degradability: Inorganic. Soluble silicates, upon dilution, rapidly depolymerised into molecular species indistinguishable from natural dissolved silica

12c. Bioaccumulative potential: No information available.

12d. Mobility in soil: not applicable

12e. Other adverse effects: The alkalinity of this material can have a local effect on ecosystems sensitive to changes in pH

13. Disposal considerations

General information Dispose of waste product or used containers in accordance with local regulations
When handling waste, the safety precautions applying to handling of the product should be considered

14. Transport Information

14a. UN Number: Not applicable.

14b. UN proper shipping name: Not applicable.

14c. Transport hazard class(es): No transport warning sign required.

14d. Packing group: Not applicable.

14e. Environmental hazards: Environmentally Hazardous Substance Please refer to Section 2 for any environmental hazards associated with this product. If H411/H412 warnings are shown then please verify packaging and labeling requirements for larger volumes.

14f. Transport in bulk (according to Annex II of MARPOL 73/78 and the IBC Code):

14g. Special precautions: not applicable.

14. Regulatory Information

SARA 302 Components

This material does not contain any components with a section 302 EHS TPQ.

SARA 313 Components

Not a Toxic Chemical under 313

SARA 311/312 Hazards

Acute Health Hazard, Chronic Health Hazard

California Proposition 65 Carcinogens and Reproductive Toxins

California Proposition 65: WARNING: Attention California residents: This product can expose you to - chemicals including crystalline silica,, which is known to the State of California to cause birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.
