Parts Identification:

PRINTHOLDER

- (1) Frame
- (2) 7/8"Square connecting tube
- (3) Shelf
- (4) Casters
- (5) #10xx*long sheet metal screws
- (6) kx20x2*long allen key screws

Parts in plastic bag include:

Four casters (two with brakes and two without brakes), eight ½x20x2" screws, four ‡10x½"long sheet metal screws and one allen key

- 1. Tap in casters into plastic inserts at bottom of frame. Use one with brakes and one without brakes per frame.
- 2. Connect both frames with four 7/8"tubing, (item 2), by means of eight \x20x2" long screws, (item 6).

Note: Make certain that casters of same type are facing you at this point.

- 3. Place tray, (item 3), between frame ends and secure with four \$10x\footnote{10} long sheet metal screws.
- 4. Unit is now ready for use.
