Conformity
The product meets the Regulations (EG) No. 1907/2006 (REACH) and No. 1272/2008 (CLP) concerning the Registration, Evaluation, Authorization and Restriction of Chemicals. In accordance with REACH Regulation 1907/2006/EC, Article 33, you will find our current articles subject to mandatory reporting under the following link <a href="https://www.staedtler.com/REACH">https://www.staedtler.com/REACH</a>
ASTM D-4236 FIMOair natural 8150 is tested by ACMI (Art & Creative Material Institute) and conforms to the US-Standard ASTM D-4236. According to the standard, a qualified external toxicologist tests the products.

Usage notes
Special feature: Granite-like feel and Look. The resulting air-drying modelling clays harden through water evaporating. They cannot be returned to their original state. Dermatologically Tested. Contains at least 80% natural raw materials. FIMOair is ideal for art, recreation and hobby. FIMOair is a craft product, NOT a toy.

**Staedtler** has been certified to ISO 9001 and ISO 14001 and considered in the selection of raw materials and their processing in the relevant national and international laws to protect the users.
