BLICK BLICKKRYLIC

BLICK Blickrylic is a true acrylic paint, priced for the budget-minded. Because it's so affordable, you can experiment more, or try your hand at something big!

A range of 35 rich colors, including metallics and fluorescents, makes Blickrylic a very versatile paint for an unlimited variety of projects. Brighten up your artwork on paper, canvas, wood, and cardboard — you can even use it on T-shirts when properly heat-set with an iron. (Note: the finish may be a bit stiffer than with other fabric paints.)

Blickrylic is extremely pourable and non-toxic, making it ideal for classroom settings. It can be mixed with other brands of acrylic paint, and dries quickly to a permanent, waterproof, semi-gloss finish.

Made in the USA since 1976.

- A true acrylic paint
- A great value for large-scale artwork
- Extremely pourable
- Mixable with other acrylic brands
