# BLICK® STUDIO ACRYLIC

# BLICK<sup>®</sup> STUDIO ACRYLIC

- **A great value for artists and students at all skill levels**
- **Strong color power and coverage**

A combination of price and performance makes BLICK Studio Acrylics a great value for artists and students at all levels.

Available in a palette of 48 bright, intense colors that mix well, BLICK Studio Acrylics are ideal for teaching color theory. Their high pigment concentration assures strong color power and coverage, and their buttery, oil paint-like texture holds impasto brush and palette marks when dry.

Unlike most student-grade paints, BLICK Studio Acrylics contain pigments that have been mixed and then ground using a traditional steel three-roll mill. This process results in brighter colors, an even texture, and consistent colors from tube to tube.

BLICK Studio Acrylics dry to a permanent, non-yellowing, lightfast paint film that is non-resoluble and flexible when dry. Best used on non-oily surfaces such as paper, canvas, cardboard, wood, and fabric, they can be used to create a wide variety of effects and for mixed-media applications.

Made in Mauritius.

## **Step up to BLICK Artists' Acrylics!**

Smooth, lightfast, and permanent, with excellent pigment quality, color strength, and longevity, BLICK Artists' Acrylics offer an exceptional combination of quality and value. Of the 70 colors in the line, 38 are made from a single pigment and the rest are blends — either to meet traditional hues or to create colors unique to Blick.
